About Sébastien Dauber

Sébastien Dauber is a lawyer at AKD. He advises multinational clients, including major private equity firms, hedge funds and non-regulated real estate funds, on structuring and financing of international transactions, formation of joint venture and securitization vehicles, corporate organizations and reorganizations, mergers and acquisitions, exit strategies, management incentives plans and other corporate governance matters.

Sébastien resolves complex commercial questions to structure and restructure clients' businesses. He also provides expert advice on financing activities with a focus on financial, banking, securitization and (re)structuring transactions. He represents lenders and borrowers in all types of financing transactions and advises on collateral arrangements, financial instruments and related transactional documents.

Sébastien holds a Master's degree in financial engineering and corporate finance from the Institute of Business Administration of Poitiers, France as well as a Master's degree in business law from the University of Nancy, France. He also holds a double Bachelor's degree in economics and business law from the University of Nancy, France.
